

MISS MARIE MARSHALL VERY ILL AT SEASHORE

Wealthy Hospital Patient, 50
Years at Williamsburg,
Suffers Stroke.

[Special to The Times-Dispatch.]
WILLIAMSBURG, Va., Sept. 14.—
Dr. George W. Brown, superintendent
of the Eastern State Hospital,
has been attending the bedside of
Miss Marie Marshall, at Virginia
Beach, since Tuesday.

Miss Marshall's condition is said
to be very serious, and little hopes
of her recovery are entertained. She
appears to have suffered a paralytic
stroke and is physically helpless.

Miss Marshall, who has been a patient
at the Eastern State Hospital
since 1872, is 67 years of age. She
is reported to be worth about \$3,000.

She has a beautiful home and spacious
grounds on Francis Street. Miss
Marshall has given freely of her
means to all worthy local efforts.
The Marshall estate was prominently
in the public eye recently,
when the city of Williamsburg and
the State of Virginia sued her com-
pellee for back taxes amounting to
nearly \$100,000. After months of
litigation, the court decided that Miss
Marshall's property was not taxable
in this State, because she was a resident
of the State of New York when
she was admitted to the hospital as
a patient, and as such had never
gained residence in this city. The
Williamsburg's share of the taxes
would have been more than \$500,000.

WEATHER DAMAGES TOBACCO IN CAROLINE

[Special to The Times-Dispatch.]

FREDERICKSBURG, Va., Sept. 14.—
In the past two months more rain
has fallen than in any previous
season for many years, and for the
past two weeks the weather has
been very warm with much humidity.
This has played havoc with the growing
tobacco crop and the damage in
the adjoining county of Caroline is
said to exceed \$100,000.

Tobacco has rotted in the field and
in many instances, where it was
put in the barn, it has gone to pieces
in a night so that it would crumble
with the handling. In one case
where the crop was worth more than
\$10,000, Montgomery Garrett, put a
machine at the side of the tobacco
house and left it running, creating
a current of air through the building
and saved his crop. This idea is ex-
pected to be taken up by other plant-
ers. The tobacco pool is still hold-
ing the tobacco of last season and is
entitled over the prospect of get-
ting a big price for it, owing in
some measure to the damage to the
growing crop. A large percentage
of the tobacco crop of last year is
in the pool.

HAS HIS ARM SEVERED IN THRESHING MACHINE

[Special to The Times-Dispatch.]

FREDERICKSBURG, Va., Sept. 14.—
Ben Cooper was the victim of a
distressing accident a few days ago
when he lost one arm by having it
caught in a threshing machine, at
which he was working, in Loudoun
county. Mr. Cooper tried to un-
choke the machine, which was run-
ning at high speed, and in doing so
his hand was caught in the ma-
chine, which drew his arm in,
crushing it and entirely severing
it from his body. Mr. Cooper was
rushed to a hospital in a serious
condition.

One Dies Result of Car Crash.

NORFOLK, Va., Sept. 14.—Injuries
sustained by Garney Holoman, col-
ored, aged 75, in an automobile and
wagon smashup on the Virginia Beach
Boulevard Tuesday night resulted in
the boy's death last night at St. Vin-
cent's Hospital. Young Holoman suf-
fered two broken legs, multiple
bruises about the head and body and
internal injuries. Whether or not it
will be necessary to amputate the right
hand of Miss Thelma Andrews has
not been determined by the surgeons
at the hospital. Her hand was badly
crushed in the accident.

One Seizes Horse, Is Run Over.

DANVILLE, Va., Sept. 14.—Joe
Arthur, ice deliveryman, was badly
injured yesterday when an auto-
mobile frightened the horse drawing
the ice wagon. Arthur, clinging to the
rear of the wagon, lost his head
when the wheels entered a rut. The
impact was such that a heavy block
of ice fell from the wagon and land-
ed on the stomach of the prostrate
man. He was removed to the hospi-
tal in great pain and it is feared
with serious injuries.

Excellent Peninsula Fair Program.

WILLIAMSBURG, Va., Sept. 14.—
The amusements of the Peninsula
Fair, to be started in Williamsburg
next week, September 12 to 25, will
surpass anything ever attempted here
in the way of fairs. All gambling
devices will be cut out absolutely this
year. The horse racing is to be one
of the most attractive features of the
fair.

Ryan Says Recovered Property From "Yanks"

[Special to The Times-Dispatch.]
AMHERST, Va., Sept. 14.—On
his visit to Amherst Monday after-
noon, Thomas F. Ryan became
reminiscent of his first
trip to Amherst Courthouse in
1869 when he was a boy 17 years
old. Judge Taylor Berry, his
guardian, wrote for him to come
to Amherst to discuss some fi-
nancial matters. He rode horse-
back from his home in Nelson
county, the mud was knee-deep,
teaching here about noon, and
took dinner with Judge Berry at
"Edgewood," now the home of
Mrs. B. R. Harrison.

Judge Berry advised the young
man that his funds were depleted,
and suggested that he go West or
North and try to get back some of
his property. He told of his first
trip to Amherst Courthouse in

SUES NEWPORT NEWS YARD FOR ROYALTY

British Inventor Claims Large
Sum From Great Virginia
Company.

[By Associated Press.]
NORFOLK, Va., Sept. 14.—The suit
of Sir Joseph W. Isherwood and
others holding rights in the system
of shipbuilding of which he is the
inventor, against the Newport News
Shipbuilding and Dry Dock Company,
which will be heard before Judge D.
Lawrence Granger, in Federal Dis-
trict Court tomorrow, promises to be
one of the most important admiralty
litigations ever to be tried here.

The original bill of complaint was
filed in 1914, and there have been
hearings on different points at inter-
vals since that time. The amount at
stake runs well into the hundreds
of thousands of dollars. The suit is
based upon the alleged failure of the
shipbuilding company to pay royalty
to Sir Joseph Isherwood and the
others interested with him, for the
use of his invention in the construc-
tion of several vessels turned out at
Newport News since 1916.

EARLY RECONSTRUCTION OF CHAMBERLIN CERTAIN

President Signs Measure Per-
mitting Hotel at Old
Point.

[Special to The Times-Dispatch.]
WASHINGTON, Sept. 14.—A new
hotel may now rise upon the ruins
of the old Hotel Chamberlin at Old
Point Comfort, Va., a hostelry which
had become internationally famous
before it was burned to the ground
more than two years ago.
Congress has passed and the Presi-
dent this afternoon approved a bill
authorizing the War Department to
enter into a lease with private in-
terests for the reconstruction of the
Chamberlin. The site of the old hotel
belongs to the government and is under
the jurisdiction of the War De-
partment. Officially it is a part of
the Fort Monroe reservation.

WASHINGTON AND LEE TURNS MANY AWAY

LEXINGTON, Va., Sept. 14.—Wash-
ington and Lee formally opened its
one hundred and seventy-fourth ses-
sion with a university assembly in
the Lee chapel today at noon, when
President Henry Louis Smith ad-
dressed the assembled students and
faculty. He pointed out the ideals
and explained the customs of the
university.

Despite the decision of the board
of trustees to limit the enrollment to
750 for the year, applications for ad-
mission so far received already are
far in excess of this number with
more of applicants being turned
away hourly. Of the total number
permitted to enter, 525 will be ac-
cepted as first year men.
The faculty of the university has
been increased, even though the num-
ber of students has been curtailed.
Nine new members have been added
to the teaching force.
The two-semester system will be
inaugurated this year, replacing the
three-term plan of former sessions.

SUPREME COURT OPENS SESSION AT STAUNTON

posed Of at Septem-
ber Term.

[Special to The Times-Dispatch.]
STAUNTON, Va., Sept. 14.—Vir-
ginia's Supreme Court of Appeals,
now in session here for the regular
September term, is making headway
on the largest docket that has ever
been presented to the annual fall
meeting here. Forty-six cases will
occupy the court's attention. Al-
though the time court will be in
session is a matter of uncertainty,
from past experiences and the
length of the docket it is likely that
adjournment will not be taken be-
fore September 28. All Common-
wealth cases are being prosecuted by
J. D. Hank, First Assistant Attor-
ney-General, and J. S. Brazille, sec-
ond assistant.

Staunton and Augusta are inter-
ested more than usual in this term
of court, because six important cases
will be argued and submitted. Three
are on the criminal docket and three
are on the civil docket. One of the
latter is that coming from the State

gument is now going forward in

ings. Those already submitted are:

**ASPIRIN
IN NEW PERFECTED FORM**

Aspirin is most effective in at-
tacking and relieving pain, and
thus is indispensable to those suf-
fering from rheumatism, head-
aches, earaches, lumbago, etc.
Many suffering from these, how-
ever, have heretofore been unable
to benefit from ordinary aspirin,
because of their tendency to flatu-
lency or heartburn.

Now comes the new pain reliever
—a newly perfected aspirin with
special beneficial qualities. TIN-
GLE'S LAXO ASPIRIN not only
relieves pain, but by means of a
mild laxative it contains, it pre-
vents in most cases the after-dis-
comfort that might result.

A gentle laxative is also includ-
ed. This corrects the cause of the
suffering by ridding the system of
the toxins or body poisons that so
often are the cause of pain and
heartiness.

It's the aspirin with the three-
fold attack upon pain, colds, head-
aches, earaches, rheumatism, etc.
Be sure to ask for TINGLE'S LAXO
ASPIRIN, the improved aspirin
with the three points:

- It's absorbed easily
- It relieves pain quickly
- It's a gentle laxative
